

Brevard Woodturners – March 17, 2010 Meeting Notes

In the absence of our secretary here are the meeting highlights (not quite minutes):

The meeting was called to order at about 7:00 PM, No old business was discussed, under new business, Paul Pouliot announced that the Jet jointer and ½” bar clamps were sold raising \$225.00 for the club. We still have the table saw for sale. He also had some pen boxes that were from Jack Gregory. The pen boxes were sold for the price of \$2.00 for 4 boxes, they didn't last long.

The officer's reports included Charlie Shrum setting up a spindle turning how to for March 31 at 6:30 PM. Mike Mogilevski provided us with the current bank account balance, which didn't not include the proceeds from the weeks tools sales. Bill Lutian continues to maintain the video library, and Jim Donovan reported that the Craft Supply order was above \$1000.00 and that it would be submitted soon.

As always, the show and tell featured some great items, including an example of the Longworth chuck which was the subject of Read Johnson's demo.

Harvey Driver was able to auction off all of the citrus, cedar and oak that was donated to the wood auction. In addition to his auctioneer duties, Harvey was selling raffle tickets for the skew chisel that Paul made at last month's meeting. That skew will be raffled off in April, tickets are \$1.00 ea or 6 for \$5.00

After the break, Read did a fine job of describing the fabrication process for the Longworth chuck. Thank you Read for the great job that you did. I suspect that I will be fabricating more than one of those in the near future.

Show and Tell:

Larry Rittenhouse – a box made with Magnolia Tree

Reid Johnson – Longworth Chuck

Glenn Baxter – Ice Cream Scoop – hard maple

Russ Bolton – 3 cylinder crank shaft – spalted citrus

Frank Worrall – Bowl – Maple

Jim Ragusa – bottle stoppers

Bill Lutian – Grapefruit box

Jim Ragusa – Mix wood bowl

Charlie Shrum – camphor with brass forks

The meeting adjourned around 8:45.
